

# NEXT-GEN

## Primary Jaw Crusher

- Higher Production Output
- Suitable Applications
- Technical Superiority

**Increasing Your Aggregate Value**

# Primary Jaw Crusher

Renowned for its outstanding performance, the Next-Gen **DIAMOND** Primary Jaw Crusher delivers superior efficiency, long-lasting durability, and reliable output. Its robust design and capability to process a wide range of rocks ensuring consistent productivity, keeping your profits ahead in the market.

## Models & Technical Specifications

|          | Feed Opening          | Max Feed Size |     | Motor Power |     | Crusher Speed |
|----------|-----------------------|---------------|-----|-------------|-----|---------------|
|          | Inches<br>mm          | Inches        | mm  | Kw          | HP  | RPM           |
| DJX 1108 | 42 x 32<br>1080 x 816 | 30            | 750 | 110         | 150 | 240           |
| DJX 1208 | 46 x 32<br>1170 x 816 | 30            | 750 | 132         | 180 | 225           |
| DJX 1409 | 52 x 36<br>1320 x 915 | 34            | 850 | 185         | 240 | 215           |

## Crushing Capacity in Tonnes Per Hour

| Inches<br>mm | 3.5<br>90 | 4<br>100 | 5<br>125 | 6<br>150 | 7<br>175 |
|--------------|-----------|----------|----------|----------|----------|
| DJX 1108     | 170-180   | 190-200  | 210-220  | 220-230  |          |
| DJX 1208     | 200-220   | 230-250  | 260-280  | 280-300  |          |
| DJX 1409     |           | 350-380  | 390-410  | 420-460  | 460-500  |

### Regd. Office:
